

## CASE STUDY

Chloe Smith  
HR Operations Administrator  
Derby College

### AT A GLANCE

#### CHALLENGES

- Supporting busy staff with professional development
- Easing the burden of workload for staff
- Time consuming producing reports

#### BENEFITS

- Easy to use
- Reduces staff workload
- Provides College data

“...really good system,  
super easy to use...”

#### CHLOE SMITH

HR Operations Administrator,  
Derby College

### OVERVIEW

A truly diverse organisation, Derby College Group is formed of four Colleges – the Roundhouse, the Joseph Wright Centre, Broomfield Hall and the Community College, Ilkeston.

Every year it caters for thousands of learners spanning school pupils on pre-16 programmes, post-16 students pursuing academic and technical pathways, apprentices at all levels, higher education students, and adults seeking career progression, upskilling and reskilling.

### IMPACT

Chloe stated, “CollegeiP is a really good system, which is super easy to use.” When asked if CollegeiP significantly reduces staff workload Chloe said “Staff are able to fill out forms which save them time when having check-ins with staff”.

On the subject of whether CollegeiP significantly provides college data Chloe stated “We are able to extract data easily from the system”.

"It is great value for money, performs functions well!"

#### IAN MCCORMICK

IT Director,  
Derby College

### WHAT IS COLLEGEIP?

The simplest and most effective staff performance management and whole-college improvement solution currently available to further education colleges. CollegeiP is a comprehensive and user-friendly tool that empowers leaders to evaluate, support, and develop staff efficiently.

### IMPACT

★★★★★ Moderately saves money

"We implemented the policies module for a fraction of the cost of a premium policy management system."

★★★★★ Significantly provides data

"We use it for performance and compliance checking"

★★★★★ Moderately improves processes

"Simple, easy to use and with an effective UI"
