

CASE STUDY

Andy Fisher - Vice Principal
Caroline Chisholm School

AT A GLANCE

CHALLENGES

- Finding a simple and effective way to manage staff
- Finding a comprehensive performance management system
- Managing all aspects of staff appraisals

BENEFITS

- The platform is easy to use
- Continuous customer care
- Links together multiple aspects of professional development

"...the ease of access has been impressive...."

ANDY FISHER

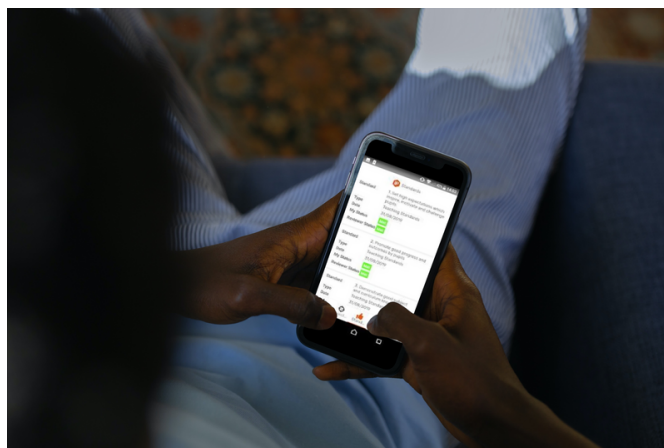

Vice Principal
Caroline Chisholm School,
Northampton

OVERVIEW

Caroline Chisholm is an oversubscribed, academically successful all-through (aged 4-19) school that strives to develop individuals into ambitious, highly successful, happy and resilient young adults. We make learning enjoyable from reception year right up to the sixth form. We provide a challenging academic curriculum, coupled with a very supportive pastoral system that values the strengths and talents of the individual student.

Since our opening in 2004, we have progressed as a school to offer both incredible facilities and teaching. In January 2020, we welcomed a visit from Ofsted and were awarded a 'Good' status.

IMPACT

Andy stated "I was shown School iP on my first day in post. Immediately I saw that all staff are aware of all the targets and processes. They appear to be confident in using it to run appraisals."

Andy also said "My first impression is that it has been well received. I only took over running performance management three weeks ago; however, the ease of access has been impressive."
