INTEGRATION WITH MANAGEMENT INFORMATION SYSTEMS

By Stuart Reece

We support all the major school management information systems and integrate either directly or through our integration partners, Wonde, Groupcall or Assembly.

This integration imports basic staff information from your school management information system and aids the set-up of staff.

If you're not taking advantage of MIS integration yet it's available for only £99 + VAT per year. Get in touch with the Customer Care team at +44 (0) 330 0433 450 or email customer care@derventioeducation.com.

SINGLE SIGN-ON

By Stuart Reece

We also support Single Sign-on (SSO) for easy access when logging in.

We support many of the major methods of SSO so do get in touch with our team to find out if we can support you. Best of all, SSO is available free of charge.

Get in touch with the Customer Care team at +44 (0) 330 0433 450 or email customer care@derventioeducation.com.

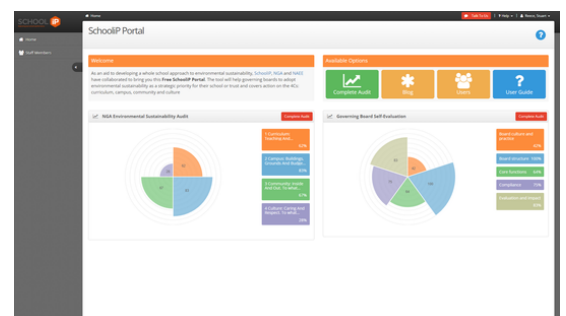

NEW IN V11.16.00.00

By Jon Martin

In the latest release of The iP Suite, we've seen the first organisations take advantage of the new dashboard. This dashboard provides a strategic overview of inspection and self-evaluation status, development plans and professional development progress, in one simple-to-use "performance on a page dashboard".

Over the next few weeks and months the dashboard will be rolled out to schools and colleges, free of charge to take advantage of this new resource.
